Where the urea industry meets

UreaKnowHow.com wishes You, Your Family, Your Colleagues and Your Friends

A Wonderful 2021 !

And thank You for All Your Support and Valuable Co-operation

Dear Friend,

2020 will probably always be a special year for all of us; the whole world has been surprised by a pandemic! In 2020 many things were not possible anymore but also many new opportunities arise. We hope 2020 was in some way also fruitful to you.

UreaKnowHow.com experienced a fruitful 2020

- Our network has grown to 7000+ managers and engineers working in the nitrogen fertilizer industry, representing all nitrogen fertilizer plants worldwide.
- We welcomed VECOM, GEXCON, FLUITEC, SDS SEPARATIONS and GRANDPERSPECTIVE as our new Sponsors.
- And introduced new services like Owner's Engineer, State-of-Art Urea Reactor, an E-Marketplace and Expertise for High Temperature Hydrogen Attack in Ammonia Plants
- We thank all Sponsors for supporting UreaKnowHow.com, with the mission is to increase Safety and Performance of all nitrogen fertilizer plants worldwide.

We thank you for all your support and valuable co-operation !

We wish You, Your Family, Your Colleagues and Friends a Safe, Healthy and Wonderful 2021 !
