

UreaKnowHow.com Urea Training 13-17 January 2020 at CF Industries, Donaldsonville 100% Excellent Score!

From 13-17 January 2020, UreaKnowHow.com did held a customised 5-Day Training Program for Urea Engineers, Managers and Shift Supervisors at CF Industries in Donaldsonville, the United States. CF Industries is one of the largest urea producers in the world. Some 45 engineers participated from Donaldsonville, Port Neal, Verdigris, Medicine Hat in Canada.

The training, customised to the wishes of CF Industries, covered a wide range of topics from process, mechanical, operational, maintenance, process technologies, corrosion from process side, utility side as well as corrosion under insulation, thermodynamics and phase diagrams, repair procedures, SHE aspects, explosion risks, safety valves, CO₂ compressors, High Pressure Equipment, Pumps and Piping, revamp technologies, corrosion inspection techniques and several historical safety incident cases. The sessions were very interactive and numerous questions were discussed.

CF's feedback on the training program was very positive: **A 100% Excellent Score!**

We thank CF Industries for their perfect organisation and great hospitality!
